

An invitation to have

# Faith in Our Future

The mission of the Faith in our Future Initiative is to strengthen Catholic education and faith formation for the future of the Church. *Faith In Our Future* is an archdiocesan-wide effort that will allow parishes to retain the majority of the funds raised to address their needs. The campaign also finances archdiocesan initiatives that support Catholic education and faith formation for 700,000 Catholics. There are four primary ways these funds will be used.

## *Faith in OUR PARISHES*

Mission: To strengthen parish ministries in education and faith formation.

- Each parish decides how to best use the funds to meet their Catholic education and faith formation needs.

## *Faith in OUR YOUTH*

Mission: To support youth education and faith formation in the Archdiocese of Milwaukee.

- Over 34,000 students in Catholic schools and over 50,000 students in religious education programs in the Archdiocese of Milwaukee.

## *Faith in OUR ADULTS*

Mission: To renew adult and family faith formation in the Archdiocese of Milwaukee.

- Support for Saint Francis de Sales Seminary and the John Paul II Center to further their missions of

forming priests and lay leaders for the future, including marriage preparation, family enrichment, and adult education.

## *Faith in the GLOBAL CHURCH*

- Recognizing that all we have comes from God and that we are stewards of those gifts, the Archdiocese of Milwaukee will designate a portion of its proceeds to Catholic education and faith formation initiatives throughout the wider Church, especially in mission areas.
